

Steps to Help You Access Therapy During COVID-19

1 TREATMENT DECISION:

Discuss treatment with your healthcare provider (HCP) and determine whether RADICAVA® (edaravone) is an appropriate option for you.

2 BENEFITS VERIFICATION:

Before beginning treatment, the patient's insurance coverage must be confirmed.

a. Once a treatment decision is made, HCP submits Benefits Investigation and Enrollment Form (BIF) to Searchlight Support®. During COVID-19, HCPs can send forms via electronic fax systems and DocuSign®. Forms can also be submitted online through a secure HCP portal, faxed or mailed.

b. Searchlight Support conducts a benefits investigation, confirms patient insurance coverage, receives benefit determination from insurer and assigns a patient ID.

c. Care coordinator contacts patient to explain benefits and discuss co-pay support options, if eligible.

3 SCHEDULING INFUSIONS:

You or your HCP office contacts infusion site or home infusion provider to schedule treatment. Searchlight Support can also help identify potential infusion services. The online Care Locator at radicava.com/carelocator can help you locate infusion providers.

[Terms of Use](#)

4 TREATMENT ORDERED:

Site of care submits order form with patient ID to Searchlight Support to obtain product for scheduled treatment.

With the completed Benefit Investigation and Enrollment Form and once the coverage is determined by your insurer, Searchlight Support will be able to*:

Send you and your HCP a summary of your benefits

Determine eligibility for Patient Assistance Program, for those without insurance

Enroll you in co-pay support for commercial insurance

Provide information about government health plan options, for those eligible for government-funded insurance

SEARCHLIGHT SUPPORT — 1-844-SRCHLGT (772-4548)

*For eligible patients only; restrictions apply
