## Corporate Overview

### ABOUT MTPA

## We thrive on tackling the toughest challenges.

Mitsubishi Tanabe Pharma America, Inc. (MTPA) was launched in 2016 as a wholly-owned subsidiary of Mitsubishi Tanabe Pharma Corporation (MTPC) – one of the world’s oldest medicines companies – with the goal of developing new therapies for and deepening our understanding of some of the most difficult-to-treat diseases, including amyotrophic lateral sclerosis (ALS). MTPC in Japan has proudly pursued medical breakthroughs for more than 300 years.

Driving scientific discovery and innovation is at the center of everything we do, and it’s more than just a passion – it’s a commitment. We work diligently in the pursuit of achieving the impossible every day with one purpose in mind: helping those who are living with serious and debilitating diseases.

## Japan to Jersey City, N.J.

MTPA has built an accomplished team in Jersey City, N.J., an urban center that is in the midst of its own rapid growth. Since 2016, the number of U.S. employees has grown from approximately **5** to over **150**, and will continue to expand in the years ahead.

The MTPA team pairs its global expertise in research and development with accomplished veterans in the U.S. life science industry. The company applies its deep experience and pioneering spirit to find the best way to bring new treatments to market.
